## **PLAZA HOME MORTGAGE NOW INTEGRATED WITH NAMB ALL-IN PLATFORM**

**SAN DIEGO, Calif., – May 14, 2019** – Plaza Home Mortgage, Inc., one of the nation’s leading wholesale and correspondent mortgage lenders, today announced that it is now integrated with the National Association of Mortgage Brokers’ new NAMB All-In platform.

NAMB All-In is a cloud-based platform designed to streamline workflow for mortgage brokers. Free for NAMB members, NAMB All-In includes a state-of-the-art point-of-sale (POS) system, a loan origination system (LOS), and The Calyx Wholesaler MarketPlace, which enables mortgage brokers to connect with participating wholesale lenders, such as Plaza, via a single portal. With this integration, approved mortgage brokers can seamlessly submit loan files to Plaza’s BREEZE system, where they also can create and issue the Loan Estimate (LE) and other Disclosures.

“At Plaza, we’re committed to making it easy for our broker partners to do business with us,” said Jeff Leinan, Executive Vice President of National Wholesale Production at Plaza. “Our integration with NAMB All-In helps streamline the origination process by allowing our clients to submit loan data to us with the technology they choose.”

“We’re pleased to add Plaza to the growing list of wholesale lenders participating in NAMB All-In,” said Richard Bettencourt, president of NAMB. “We created NAMB All-In to give brokers more choice in both technology and investor access. Buy-in from leaders like Plaza and the steady growth of users on our platform suggest that this approach is resonating with the market.”
